PRODUCT DESCRIPTION

Designer: John Astbury

Pholc Fall Wall Light

The Pholc Fall Pendant was designed by John Astbury and brings a welcoming sense of intimacy to a room. Fall is crafted from glass, with a uniquely soft silhouette; the inner light source is diffused through its form, generating an atmospheric and calming illumination. The lamp can also be easily dimmed to further personalise the ambience to suit your needs.

With its atmospheric light and calm yet confident curves, the Fall Wall Light expertly adapts to both residential and commercial interiors. It can be installed independently or in multiples to create striking linear rows and clusters in larger interiors. Due to its IP44 rating, the Pholc Fall Wall Light is a stunning addition to bathrooms, forming cosy pockets of light for early mornings and late nights.
