PRODUCT DESCRIPTION

Designer: Dodo Arslan

Terzani Argent Pendant Light

The Argent Pendant was designed by Dodo Arslan for Terzani, constructed from a stainless steel metal frame with silver discs attached to branches to create a sparkling display. The angled surfaces of the silver discs expertly reflect the illumination, resulting in a burst of light in all directions, much like a disco ball.

Terzani Argent Pendant is a beautiful contemporary centre piece that can be featured in both commercial and residential environments for a bright and clear illumination to enhance the space. This unique pendant adds an element of class and sophistication in both sizes. With an adjustable cable length, this pendant is ideal for use above a coffee table, dining table or kitchen island, as well as in hotels, restaurants and galleries.
