Tanto Wall Light by Bert Frank

The Tanto wall light is a dynamic and striking fixture, using the best of traditional materials in a new and exciting way. The wall lamp consists of two brushed brass rods and a cylindrical opal lamp that are all clamped together by a beautiful piece of marble. What results is a slimline silhouette that can easily fit in many interiors, especially small wall spaces.

The Tanto wall lamp comes in 2 sizes, small or large and 2 colour finishes, green marble or white marble so you can find the right fit and look for your space. The opal light provides an effective and diffused glow, suitable for lighting up dark corners or lining your hallway. An abstract and contemporary wall light, the Tanto is a stunning addition to any setting.
