PRODUCT DESCRIPTION

Designer: Luca Nichetto

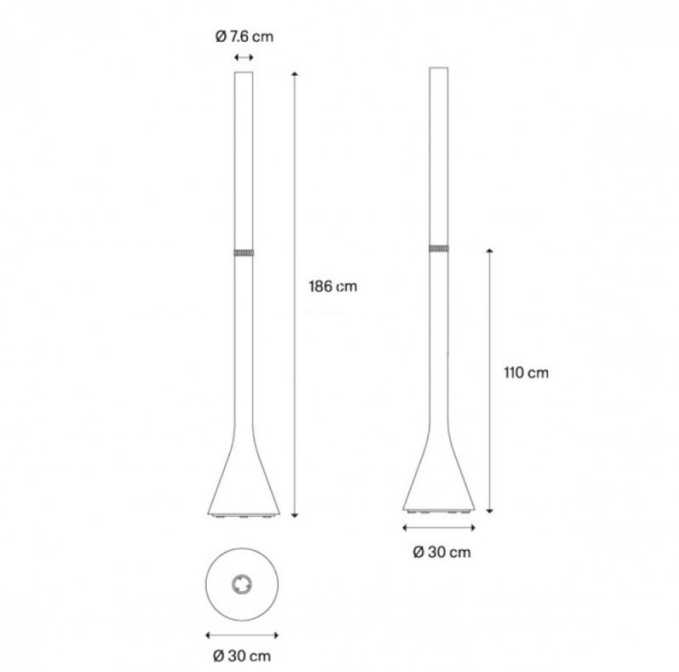

Lodes Croma LED Floor Lamp

The Croma Floor Lamp was created by Italian designer Luca Nichetto for Lodes. Named after the Italian word for ‘quaver’ or ‘eighth’, the slender lamp echoes the energy of the musical note. The lamp is characterised by its elegant frame, which, unlike traditional lamps, features a wide base and slim top. This frame is available in four finishes – two matte shades of white or black, and two metallic ombré effects of green to black or bronze to nickel.

The top of the lamp houses an integrated LED source. When illuminated, the lamp dispels a wash of light upwards across the ceiling and surrounding walls. This glare-free lighting creates a warm, ambient lighting, perfect for producing a cosy atmosphere in a dining room, living area, or bedroom. To maintain its sleek silhouette, the Croma Floor Lamp is free from any protruding switches or buttons. A ring positioned at the centre of the lamp can be rotated, allowing users to switch the light on or off as well as to utilise the lamp’s dim-to-warm function (2200K - 3200K). The well-considered elements throughout the design result in an elegant yet innovative lighting solution that is suited to both domestic and commercial settings.

PRODUCT SPECIFICATION

Light Source:	42W, 2200K-3200K, 5600 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Ø7.6cm Height: 186cm Base: Ø30cm
