PRODUCT DESCRIPTION

Designer: Sofie Refer

Miira Wall Light by Nuura

The Miira wall light is a functional and timeless piece, designed by Sofie Refer, the creative director and founder of the lighting brand Nuura. True to her design process, this wall lamp was developed as part of the wider [Nuura Miira collection](#) which was started with a chandelier design, expanding upon its aesthetic for many light applications.

The Miira wall lamp is available in four finishes, brass/opal white, rock grey/opal white, brass/optic clear and rock grey/optic clear. The sleek metal structure holds out the glass lampshade, updating a classic wall light silhouette to the modern day. The opal white glass diffuses the light whereas the optic clear reveals the light, leading to a contemporary look in your interior.
