PRODUCT DESCRIPTION

Designer: Samy Rio

Petite Friture Quasar LED Portable Lamp

Designed by Samy Rio, the Petite Friture Quasar Portable Lamp is a simple and interactive light that can be used in many different spaces. The designer was captivated by circular shapes, wanting to use this fascination to create a lighting object that is both quirky and pure. The Quasar is defined by a round flat top, supported by a cylindrical base and featuring a handy rope attached to the top. The rope acts as an easy way to carry or hang the light, being suitable for both outdoor and indoor use.

The Petite Friture Quasar Portable is available in four chic colours, Grey, Green, Blue and Violet, which are all paired with rope that has a matching colour scheme to the lamp. The portable lamp also comes with a step dimmer, which allows you to control colour temperature from warm to neutral to cool white, emulating the hues of the day. The portable light can last between 6 and 12 hours depending on light intensity and comes with an included charger cable.

PRODUCT SPECIFICATION

Light Source:	2W, 2200K-4000K, 149 Lumens
IP Code:	54
Dimming:	Integrated dimmer on the product.
Dimensions:	Lamp Head: Ø17cm Height: 26cm Base: Ø6.4cm Rope Length: 50cm Charging Cable Length: 100cm
