PRODUCT DESCRIPTION

Designer: Kenneth Bergenblad

Audo Copenhagen Wing Floor Lamp

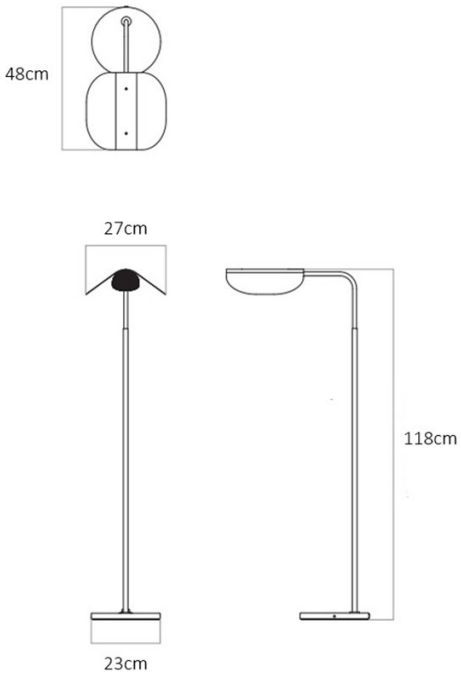

The Audo Copenhagen Wing Floor Lamp was designed by Kenneth Bergenblad, a Swedish designer who has won numerous accolades around the world, including the Guldlampen Nordisk Design prize for Wing. This sleek design uses polished aluminium that allows it to blend easily into any aesthetic. The material is timeless and reflects the light and shadows within your space. The aluminium shade is designed to resemble the wings of a bird in flight and uses their angled nature to conceal the light source underneath them.

The shade of the Wing Floor Lamp can also be tilted and adjusted with ease, which allows you to angle and direct the light either onto a specific area or task, or to direct the light away for a more ambient indirect light for your space. Place the Wing floor lamp in your study, dining space, living room, or bedroom to add a touch of modern design and functional lighting.

Please note: The Wing Floor Lamp features a fixed shade. A Wing Adjustable Floor Lamp is also available, which features a movable shade.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	In-line on/off switch included on cable.
Dimensions:	Height: 118cm Depth: 48cm Base: Ø27cm Cable Length: 200cm
