PRODUCT DESCRIPTION

Designer: Ludovica & Roberto Palomba

Kartell HIRAY Armchair

The Kartell HIRAY Armchair is crafted from galvanised steel, utilising a welded wire process to shape it. With this creation, Kartell are showcasing how metal can be just as lightweight as plastic. The result is a durable but comfortable seating option which is suitable for both indoor and outdoor use. The metal wires form the structure of this seat, boasting clean lines and offering a curved seat which optimises comfort.

Designed by Ludovica & Roberto Palomba in 2022, the HIRAY Armchair is available in two sizes, with four colour options, making it perfect for a large range of environments. A great addition to your decking, patio and private garden for al fresco dining. Similarly, it can also be utilised in indoor dining spaces.

Please Note: the Kartell HIRAY Armchair does not come with cushions included.
