PRODUCT DESCRIPTION

Designer: John Tree

HAY Apex Clip Lamp

The HAY Apex Clip Lamp is the most versatile in the Apex Collection, the clip enables the lamp to be fixed to a wide variety of vertical and horizontal surfaces around your home, while the colourful shade can rotate 360 degrees, allowing you to direct the light to suit your needs. The Apex Clip was designed by John Tree, who took inspiration from a peaked roofline silhouette. The colourful shade contrasts beautifully with the sleek chrome base and adds a playful twist to the light.

The Apex Clip Lamp offers a functional lighting solution for a multitude of spaces and uses, from ambient light in a corner to a reading lamp over a sofa. It can even be clamped onto bookcases or shelving units in order to provide accent lighting. The collection of finish options means that the HAY Apex Clip Lamp can adapt to a range of interiors.
