PRODUCT DESCRIPTION

Designer: Studio 0405

HAY Apollo Chandelier

The HAY Apollo Chandelier was designed by Studio 0405 and is a contemporary take on a classic lamp structure. Comprising multiple mouth-blown opal glass shades atop curved tubular arms, creating a contrasting expression between the two materials. The shades present an open top, projecting the light upwards and causing it to reflect on the ceiling back down into the room. The result is a bright but glare-free illumination which is a gorgeous addition to hallways, living rooms, dining areas and large commercial spaces such as offices, restaurants and hotels.

The Apollo Chandelier makes an ideal centrepiece suitable for use in a variety of private and public places. It is available in two different sizes, with either six or twelve arms. The Apollo Chandelier is the latest addition to the [Apollo family](#), which also features a [Table Lamp](#) and [Portable Lamp](#).

PRODUCT SPECIFICATION

Light Source: **6 Arm:** 6 x Max 5W G9 LED (excluded)
12 Arm: 12 x Max 5W G9 LED (excluded)

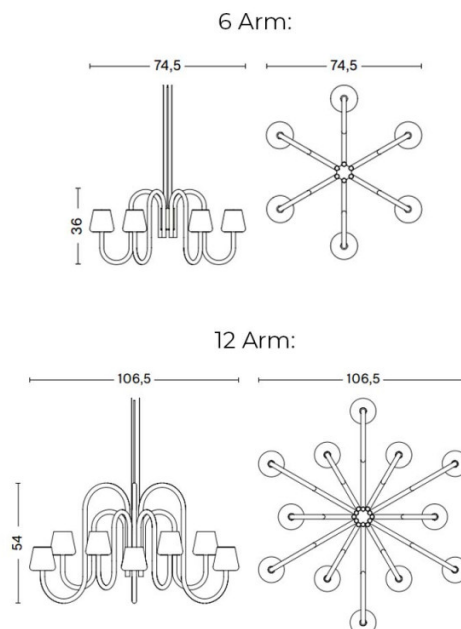

IP Code: 20

Dimming: Non-Dimmable.

Dimensions: **6 Arm:**
Ø74.5cm
Height: 36cm

12 Arm:
Ø106.5cm
Height: 54cm

Drop Height: 600cm
