PRODUCT DESCRIPTION

Designer: TAF Studio

Fine Suspension Lamp by Muuto

Designed by TAF Studio, the Muuto Fine Suspension is a modern take on a more classic tubular lighting solution, featuring an LED light source that is housed within a plastic diffuser. Utilising refined detailing and available in three sleek finishes, the Muuto Fine can be used either as a general light or as a task light with a 320-degree beam angle.

This suspension light can be installed either horizontally or vertically and is exceptional when displayed individually as well as in groups or clusters, the Fine Suspension can easily adapt to a range of interiors. It offers the choice between three sizes, all varying in length all harnessing an industrial minimalistic style. Perfect over a kitchen island, a counter, a dining table or to illuminate darker corners of a living space, TAF Studio has designed a suspension lamp with dining and living spaces in mind.
