PRODUCT DESCRIPTION

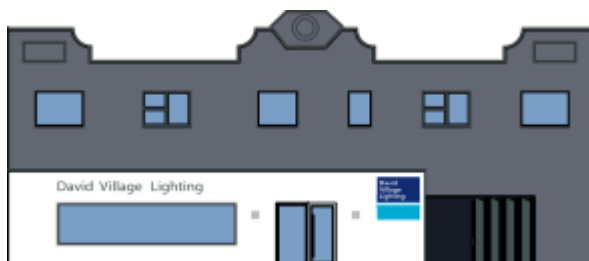

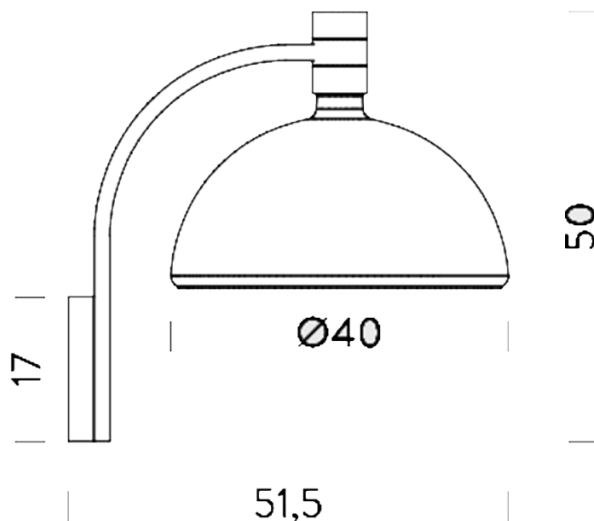

Designer: Franco Albini

Nemo Lighting Albini AS3C Wall Light

The Albini AS3C Wall Light was created by Italian designer, Franco Albini. The wall light was inspired by the rational philosophy of the Milanese architect. The design of the shade is originally from 1969, which incorporates linear forms with strong quality materials, such as hand-blown glass and steel.

AS3C wall light is refined and sophisticated which is perfect for any residential home. This one-of-a-kind shade is the perfect minimalist style that can decorate your hallways either alone or sporadically. The shade has a diameter of Ø 40cm which creates the perfect ambient glow. The shade is also available as a pendant, suspension, floor and table lamp.
