PRODUCT DESCRIPTION

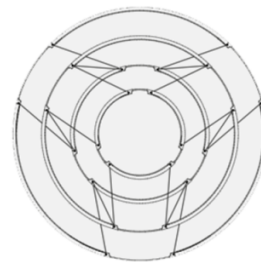

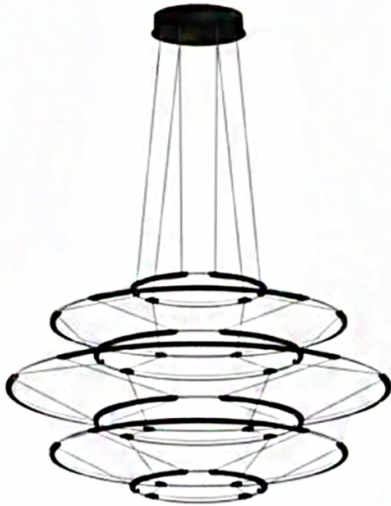

Designer: Arihiro Miyake

Nemo Lighting Drop 7 LED Suspension Light

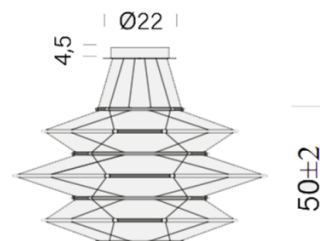

Nemo Lighting Drop 7 LED Suspension Light was designed by Arihiro Miyake. The Drop 7 Suspension delivers sophisticated lighting from each angle with its concentric circles. The structure is bold with an understated design which is a testament to the remarkable craftsmanship by Miyake. The precise lines of the suspension are connected with an extremely slim aluminium structure for a soft yet strong diffused light.

The Drop LED Suspension collection is available in three sizes and three colours in total which could be hung singularly or as a cluster. The structure of the LED circles is hung by 250cm barely seen wires which provides a floating effect. The beautiful floating effect of the suspension looks incredible against a high ceiling or even as a statement above a kitchen table or island.
