PRODUCT DESCRIPTION

Designer: Snøhetta

Lodes Volum Table Lamp

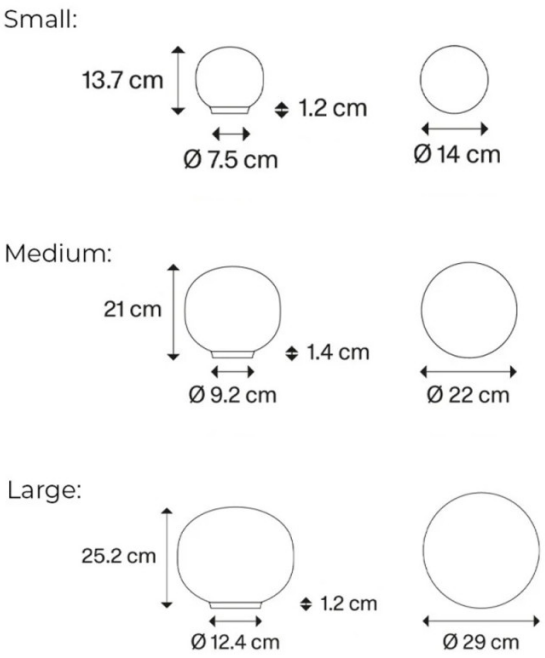

Designed by Snøhetta, the Lodes Volum Table Lamp is a minimalist lighting solution that offers the same level of function and beauty at any angle in your room. Volum celebrates the Italian tradition of glassmaking, utilising a blown glass diffuser which sits atop a silicone base. The diffuser and base appear to seamlessly blend and appear as a singular form. Due to the high-quality spherical glass diffuser, Volum casts an ambient glow that remains functional. This timeless table lamp by Lodes is simple yet makes an impact in any room, offering an even dispersion of light with a 360-degree beam. It is both stylish and functional.

The Lodes Volum Table Lamp is available in a range of sizes (measuring 14, 22, and 29cm in diameter) and can be displayed individually or in clusters on tabletops. Thanks to their inherently distinct shapes, they intuitively complement one another to form unique compositions. Lodes Volum features a glossy white diffuser and a silicone base that illuminates when the light is on. Display the Lodes Volum Table Lamp in living rooms, bedrooms, dining spaces, and even kitchens.

Please Note: The Lodes Volum Table Lamp can also be supplied with an in-line dimmer on the cable. Please contact us for more information and pricing.
