PRODUCT DESCRIPTION

Designer: Isamu Noguchi

Vitra Akari 16A Pendant

The Vitra Akari 16A Pendant features a unique asymmetrical shade, designed by Isamu Noguchi. It not only makes a statement but also provides your space with a warm and inviting glow, perfect for relaxing after a long day. The washi paper shade is designed to filter out the light source, resulting in a soft glow illuminating the room. This paper pendant is a beautiful exploration of classic craftsmanship and can be utilised in a multitude of settings - placed in bedrooms, living rooms, dining spaces or entryways to generate a peaceful and calming ambience.

The Akari 16A Pendant is handcrafted from traditional washi paper by Japanese artisans in the Ozeki workshop in Gifu and finished with a sun and moon logo, guaranteeing authenticity to the owner and resembling their Japanese heritage. Noguchi originally found his inspiration for the Akari lights in this village during a trip to Japan. While there, he sketched his very first Akari Light Sculptures; he chose the title 'Akari' for these pieces as the word means 'light' in Japanese.

Please Note: The Akari 16A Pendant is provided with a non-dimmable lamp with a wattage of 4W, but can take a lamp with a maximum of 12W.

PRODUCT SPECIFICATION

Light Source:	1 x Max 4W E27 LED Non-Dimmable (Included)
