Foscarini Caboche Plus Media R7s Pendant

Foscarini Caboche Plus Media R7s Pendant was designed by Patricia Urquiola and Eliana Gerotto. Caboche is a design masterpiece that uses technology to create a sparkling composition of transparent spheres inspired by elegant beaded jewellery. When turned on, the Caboche light fixture illuminates through the transparent spheres, creating a unique and stylish ambience. The jewel-like spheres disperse the light in multiple directions, resulting in a dazzling addition to modern interiors.

Caboche Plus Media R7s Pendant is versatile and adaptable, making it a perfect choice for any space be it commercial or residential. With two choice colourways, transparent and grey, the Caboche Plus Media R7s Pendant provides a beautiful visual feature which is displayed on surrounding walls and ceilings. The **Foscarini Caboche Family** offers suspension lights, ceiling lights, floor, wall and table lamps.
