Nordlux Allie Table Lamp

The Nordlux Allie is a smaller table lamp, with a big personality. Utilising the silhouette of a mushroom and drawing inspiration from nature, this lighting solution boasts a simple colour palette and more stripped-back materials. The shade is crafted from rattan and not only diffuses the light source but also generates interesting light and shadow patterns on the surrounding surface.

The result is a functional but playful lamp that provides cosy ambient lighting for various spaces. The Nordlux Allie Table Lamp is a spectacular addition to children's rooms, bedrooms, living spaces and hallways - delivering an inviting atmosphere where you can easily unwind after a long day.
