PRODUCT DESCRIPTION

Designer: Tokujin Yoshioka

Kartell Planet LED Ceiling Light

Kartell Planet LED Ceiling Light was designed by Tokujin Yoshioka and is an exquisite light solution that has been characterised by its spherical shape and reflective surface. With a crystal illusion design, this ceiling light creates an amazing and interesting pattern which reflects onto all surrounding walls in the area for an aesthetically pleasing display. Suitable for both commercial and residential environments, the Planet LED Ceiling Light is constructed from thermoplastic technopolymer, providing lightweight and easy installation.

Planet LED Ceiling Light is available in three colours: amber, crystal and smoke, providing a wide range to suit both contemporary and maximalist spaces. Each ceiling light comes with a matching coloured ceiling plate, creating a seamless aesthetic. The Planet can be displayed on its own or alongside others in the range, the **Kartell Planet Collection** consists of three different-sized table lamps, a portable lamp, a pendant and a floor lamp.
