PRODUCT DESCRIPTION

Designer: Lee Broom

Lee Broom Alchemist Gemini LED Suspension

Inspired by the astrological sign of Gemini and ancient alchemical symbols, the Gemini Suspension is an elegant light fixture featuring two opposing halves that connect asymmetrically. Available in both horizontal and vertical configurations, this piece offers versatile placement and striking design. The brushed brass fascia complements the illuminated opal acrylic capsule, creating a balanced, linear form that adds a touch of sophistication to any space.

Whether installed as a single fixture or in multiples to create a constellation of light, the Gemini Suspension embodies the balance and beauty of celestial design, making it a standout in residential or commercial interiors.
