PRODUCT DESCRIPTION

Designer: Bent Karlby

LYFA Pan 50 III Wall Light

Designed by Danish lighting visionary Bent Karlby in 1970, the LYFA Pan 50 III Wall Light exemplifies his penchant for refined aesthetics and functional illumination. The elongated design of the Pan 50 III features a tubular form reminiscent of a pan flute, delivering an equal balance of up and downlighting. Crafted from premium anodised aluminium, this wall light is available in both aluminium and bronze finishes, providing a choice that complements a wide range of interiors.

Perfect as a standalone feature or in multiples, the Pan 50 III Wall Light creates an inviting ambience and casts a distinctive light pattern across the wall. Its subtle yet striking design pays homage to mid-century modern style, fitting seamlessly into both contemporary and classic interiors. Ideal for enhancing hallways, living spaces, or commercial areas, this light embodies LYFA's commitment to quality craftsmanship and purposeful design.
