PRODUCT DESCRIPTION

Designer: Poul Henningsen

PH 2/2 Question Mark Pale Rose Table Lamp

The Louis Poulsen PH 2/2 Question Mark Pale Rose Table Lamp is derived from a design originally created by Poul Henningsen in the 1930s. The iconic three-shade system provides anti-glare light, designed to be reminiscent of that from a kerosene lamp. The Question Mark, which gets its name from the curvature of its stem, features an adjustable head that can rotate 45 degrees to direct light to where it's required. The three-shade system is made from mouth-blown glass with a sandblasted underside to aid in reflecting light.

The downward-directed light and adjustable head make the PH 2/2 Question Mark Pale Rose Table Lamp ideal for use as a task light on a desk, or as a reading light on a bedside table. Because the shade is made from mouth-blown glass, each shade may vary slightly in colour and thickness. The brass base is untreated, meaning you can either let a unique patina develop over time or polish the base to maintain its original finish.

PRODUCT SPECIFICATION

Light Source:	1 x Max 3.4W E27 LED (Excluded)
IP Code:	20
Dimming:	In-line on/off switch included on cable.
Dimensions:	Shade: Ø20cm Height: 41cm Base: Ø14cm Cable Length: 280cm
