## PRODUCT DESCRIPTION

**Designer:** Viola Heyn-Johnsen & Jonas Trampedach

### HAY Parade Portable Lamp

The HAY Parade Portable Lamp is the latest addition to the Parade collection, designed by Danish duo Viola Heyn-Johnsen and Jonas Trampedach. This cordless, battery-operated lamp retains the signature geometric silhouette of the Parade series, featuring a square base and arched top crafted from hand-blown glass. Its compact and portable design provides the freedom to move it around your home or workspace, making it a highly flexible lighting solution. The carefully selected colours, including Shell White, Blush Pink, and Seafoam Green, offer a refined palette that complements a variety of interiors.

Equipped with a three-step dimmer, the Parade Portable Lamp emits a soft, ambient glow that creates a warm and inviting atmosphere. The cordless design ensures it can be placed anywhere without the need for a power outlet, making it perfect for bedside tables and living room shelves. Whether displayed individually or in a group, the Parade Portable Lamp's sculptural form and versatile functionality make it a standout addition to contemporary spaces.
