Astro Tacoma Pendant Light

Astro Tacoma Pendant is a ceiling-mounted pendant with a minimalist cylindrical shape, a contemporary flexi cable system, and an IP44 rating for bathroom use.

Available in Antique Brass, Matt Black, and Polished Chrome finishes, the Tacoma Pendant can be used alone or in clusters for kitchens, dining areas, living spaces, and bathrooms. The shade is sold separately, allowing the pendant body to be paired with a choice of Tacoma glass shade options.

The Tacoma Pendant is wired in, unswitched, and dimmable depending on the lamp selected, with Class II double-insulated construction and no separate driver required. Most suited to bathrooms, kitchen islands, dining tables, living spaces, and clustered pendant arrangements.
