PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect Low Socket Pendant Record

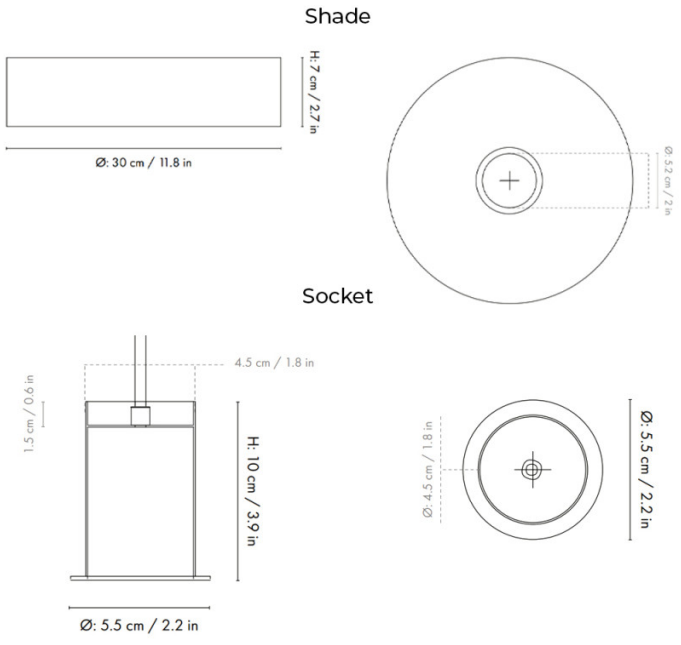

The Ferm Living Collect Low Socket Pendant Record is a modern yet timeless addition to the Collect Lighting series, offering a sleek and customisable lighting solution. Featuring a wide Record shade, this pendant light disperses a soft and even glow, making it ideal for illuminating dining tables, kitchen islands, or cosy seating areas. Its minimalist aesthetic is complemented by a high-quality powder-coated metal finish, ensuring both durability and elegance.

The low socket version of this pendant brings the shade closer to the ceiling, making it a practical choice for rooms with standard or lower ceiling heights. The wide shape of the Record shade creates a broad and balanced light output, perfect for ambient lighting. A decorative ring, fabric-covered 3-metre cord, and ceiling canopy complete the design, making it a versatile choice for modern and Scandinavian-inspired interiors.

Please note, this product is also available in a High Socket version and a Bell Socket version.
