Bert Frank Beran Horizontal LED Pendant Light

The Bert Frank Beran Horizontal Pendant showcases the natural elegance of alabaster, a stone prized since ancient times for its subtle beauty and calming translucency. Sourced from the Aragon region of Spain, each alabaster diffuser reveals unique marbling that softly diffuses the integrated LED light, producing a warm and inviting glow. Suspended from a precision-machined metal stem, the pendant strikes a balance between weight and grace, its linear form ideal for hanging solo or in a series at staggered heights to create a sense of rhythm and depth.

This pendant joins the Beran collection's table and wall lights, continuing the theme of refined, ambient lighting with a strong material presence. The metal frame, available in brushed brass, antique brass, dark bronze or satin nickel, contrasts beautifully with the creamy alabaster. Whether used in residential dining areas or hospitality settings, the Beran Horizontal Pendant offers sculptural impact and gentle illumination. With two available sizes and a made-to-order drop height, it is adaptable to a range of interior scales and configurations.

Please Note: This wall light is hand-made and bespoke, meaning each creation is completely unique and the alabaster patterns will differ. Due to the natural variations in the alabaster diffuser, the light output of each product will vary.

PRODUCT SPECIFICATION

Light Source: 6W, 27000K,

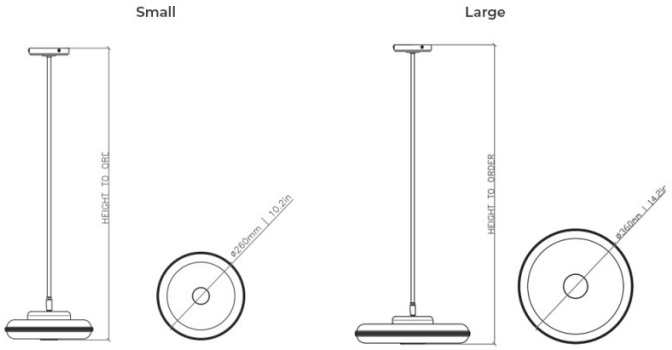

IP Code: 20

Dimming: Dimmable via Triac dimming.

Dimensions: **Small:**
Shade: Ø26cm

Large
Shade: Ø36cm

Drop: Up to 152cm
Ceiling Canopy: Ø12cm
Ceiling Canopy Height: 3cm
