## PRODUCT DESCRIPTION

**Designer:** Robbie Llewellyn

### Bert Frank Rinato LED Table Lamp

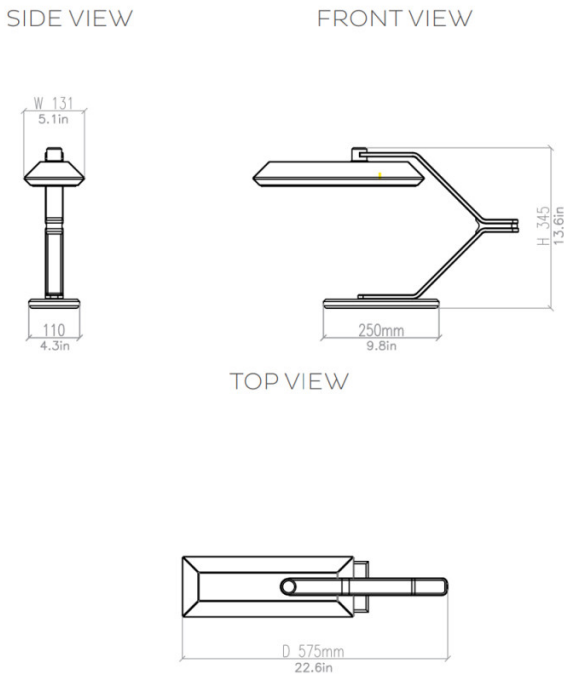

The Bert Frank Rinato LED Table Lamp combines geometric elegance with luxurious detail, offering a distinctive desk or accent light for residential and commercial spaces. The angular frame supports a stainless steel shade finished in a refined powder coat, paired with a solid brass base that grounds the form. A strip of premium leather runs through the central fixture, available in various colours for a custom, tactile finish.

Perfect for workspaces, reading corners, or hospitality environments, the Rinato Table Lamp delivers soft, focused task lighting via an integrated LED module. Its sleek silhouette and careful material balance reference Art Deco influences, while remaining timeless and versatile. Assembled by hand in Birmingham, this piece exemplifies Bert Frank's blend of British manufacturing and expressive design.

**Please note, alternative leather colours are available for this product. Contact us for pricing and information.**
