PRODUCT DESCRIPTION

Designer: Robbie Llewellyn

Bert Frank Rinato LED Console Table Lamp

The Bert Frank Rinato Console Table Lamp is a bold reinterpretation of the classic desk light, combining architectural form with refined material detail. Featuring an elongated stainless-steel shade and asymmetric brass framework, this lamp brings sculptural elegance to office spaces, boardrooms, and design-led interiors.

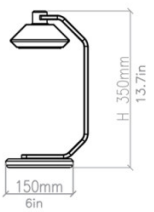

Its extended silhouette offers a broader lighting footprint, ideal for illuminating wide surfaces or adding structure to a console table. As with the rest of the Rinato range, the Console Lamp is finished with a decorative strip of premium leather, available in a selection of colours, adding texture and individuality to its form. Hand-assembled in Birmingham, it merges functionality with elevated design for a standout piece that balances scale and subtlety.

Please note, alternative leather colours are available for this product. Contact us for pricing and information.
