PRODUCT DESCRIPTION

Designer: Morten & Jonas

Northern Tradition Table Lamp

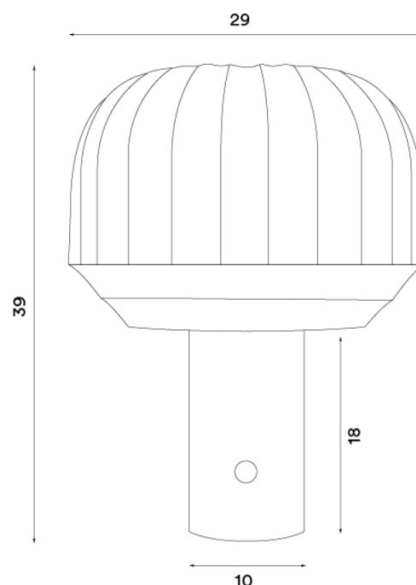

The Northern Tradition Table Lamp brings a modern sensitivity to an age-old craft. Designed by Norwegian duo Morten & Jonas, the lamp features a hand-finished knitted polyester shade stretched over a metal frame, creating a soft, tactile surface that gently diffuses the light. Its sculptural form and rounded contours evoke the warmth of textile lighting while the opal white tone keeps it elegant and contemporary. The off-white shade is paired with a powder-coated grey-beige steel base and topped with a solid brass dimmer knob for seamless control.

This table lamp is fitted with an E27 socket and an integrated rotary dimmer, allowing you to tailor the ambience to suit any time of day. Whether placed on a sideboard, desk, or bedside table, the Tradition Table Lamp provides a warm, calming glow perfect for slow evenings and intimate interiors. Every detail is considered, from the matching shade and base finishes to the soft black pad underneath, ensuring both visual harmony and surface protection.
