PRODUCT DESCRIPTION

Designer: Morten & Jonas

Northern Tradition Floor Lamp

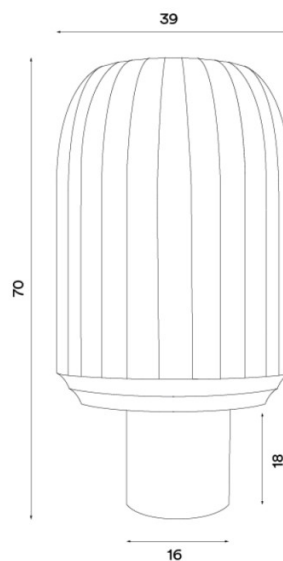

The Northern Tradition Floor Lamp is a medium height, sculptural light designed by Morten & Jonas. Featuring a hand-finished knitted polyester shade stretched over a metal frame, it brings softness and tactility to contemporary interiors. The shade's organic form is balanced by a grey-beige powder-coated steel base and a discreet black hand dimmer on the cable. Emitting a warm ambient light, the opal white tone of the shade enhances its calming presence in any room.

Designed for functionality as well as aesthetics, the Tradition Floor Lamp includes a 200cm black silk cable and a standard E27 fitting with max 13W capacity. The dimmer allows precise adjustment of brightness to suit any setting, whether placed in a living room corner, next to a reading chair, or within a commercial lounge. With its poetic form and refined finish, the Tradition Floor Lamp continues Northern's commitment to craftsmanship, emotion, and Scandinavian warmth.
