PRODUCT DESCRIPTION

Designer: Robbie Llewellyn

Bert Frank Rinato LED Double Wall Light Left

The Bert Frank Rinato Double Wall Light Left offers the same elegant asymmetry and craftsmanship as its right-facing counterpart, but with shades directed in the opposite orientation. Crafted from brass and powder-coated steel with luxurious leather detailing, it makes a powerful solo statement or can be paired to mirror the right-hand version in architectural compositions.

Emitting a warm, ambient light from its integrated LED source, this fixture is ideal for framing hallways, flanking beds, or enhancing layered lighting schemes in both residential and commercial interiors.

Please note, alternative leather colours are available for this product. Contact us for pricing and information.
