PRODUCT DESCRIPTION

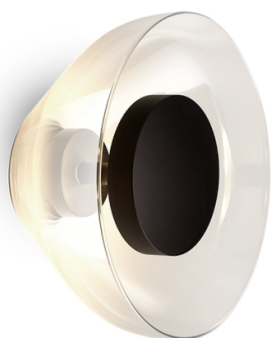

Designer: Joan Gaspar

Marset Aura 24V Dali LED Wall Light

The Marset Aura is a decorative lamp which provides outstanding light while turned on, but stands out beautifully while off as well. Designed by Joan Gaspar, this modern wall light draws inspiration from the traditional glass carafe and follows an emotional design. Crafted from glass with sleek black detailing, this design can easily adapt to a range of interior styles.

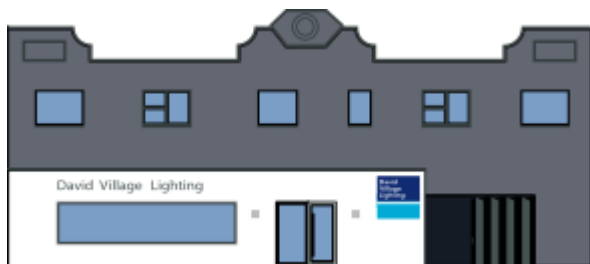

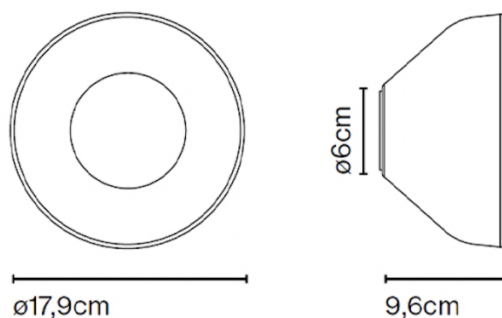

The transparent glass of its lampshade allows the light to bathe the wall and creates a luminous effect without harshness, while also generating a point of interest in the space. Aura is an elegant addition to hallways, kitchens, dining areas and larger commercial settings.

This version of the Marset Aura Wall Light utilises Dali dimming and comes supplied with the appropriate driver.
