PRODUCT DESCRIPTION

Designer: Vilhelm Lauritzen

Louis Poulsen VL Ring Crown Floor Lamp

The Louis Poulsen VL Ring Crown Floor Lamp extends Lauritzen's VL language to a graceful floor-standing profile, combining an opal glass shade with a slender satin-polished brass frame. The multilayer glass diffuses light evenly to create a warm, glare-free ambience around seating, while the in-line on-cord switch makes control immediate and unobtrusive. Untreated brass will age with a gentle patina, introducing depth and character over time.

Designed to complement VL pendants, wall lights and chandeliers, the Louis Poulsen VL Ring Crown Floor Lamp is a natural anchor for reading corners, lounges and hotel suites. The soft diffusion suits layered schemes where atmosphere and comfort take priority, while durable materials and straightforward maintenance support everyday use in residential and hospitality projects. Pair with the VL Ring Crown Table Lamp for a cohesive composition across a room.
