PRODUCT DESCRIPTION

Designer: BEGA

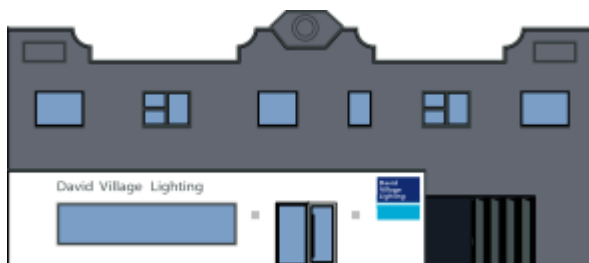

BEGA 51264 LED Suspension

The BEGA 51264 LED Suspension Light boasts a distinctive shape and emits a functional up and downlight to ensure a more even light dispersion and a more comforting task light. This luminaire is crafted from metal with two slimline suspension cables, resulting in a minimalistic silhouette, and is available in three elegant finishes that can match a range of interiors.

The eye-catching luminaire profile with its rectangular cross-section and embedded silicone diffuser distributes a soft and uniform illumination, and the design creates beautiful accent lighting over workspaces, dining tables and in larger commercial environments such as restaurants, bars and hotel reception areas.
