PRODUCT DESCRIPTION

Designer: Tom Dixon

Tom Dixon Whirl Fat Cone LED Floor Lamp

Designed by Tom Dixon, the Whirl Fat Cone Floor Lamp explores mirrored reflection through a bold spiral shade. Drawing on the Optical Art movement, the design uses layered curves to distort and redirect light, creating shifting patterns across the surface when illuminated. Even when switched off, the lamp has a strong sculptural presence, with the reflective shade and conical base giving it a distinctive silhouette.

The Whirl Fat Cone Floor Lamp is available in Gold, Silver and the new Copper finish. The polycarbonate shade sits above a deep black conical base, which grounds the design and offsets the metallic tones of the shade. When lit, Whirl gives off a soft, glare-free glow that works well in living rooms and dining spaces, creating a warm and comfortable atmosphere. In commercial interiors, it is equally suited to boutiques, bars and other spaces where a more decorative lighting feature is needed.

Please Note: A Dichroic filter is also available for this product. Reflecting a mix of colours throughout the shade for a more iridescent lighting effect. Contact us for pricing and information.

PRODUCT SPECIFICATION

Light Source:	7.5W, 3000K, 800 Lumens
IP Code:	20
Dimming:	In-line dimmer on the cable.
Dimensions:	Height: 172cm Width: 45cm Cable Length: 250cm
