PRODUCT DESCRIPTION

Designer: Tom Dixon

Tom Dixon Whirl LED Floor Chandelier

The Tom Dixon Whirl Floor Chandelier was created to captivate, with an intriguing stature that features seven polycarbonate shades. The bold elegance of the Optical Art movement inspired the shade's spiral pattern. Each shade is crafted in a state-of-the-art factory in Germany using an injection blow moulding process that results in a lightweight yet durable form. The Whirl Floor Chandelier is available in two finishes, Gold and Silver, created through a vacuum metallisation process which deposits a thin layer of metal on the inside of the shade.

The elegant form of the Whirl Floor Chandelier makes it as decorative off as it is when switched on. When illuminated, light brings a sense of life and movement to the piece. The hypnotic spiral design transforms light and reflection into an ever-changing myriad of abstract patterns that appear different depending on the angle it's viewed. Display in communal spaces such as a lounge or dining room for an eye-catching display that adds a cosy and welcoming ambience. In commercial settings, the Whirl Floor Chandelier is perfect for adding a touch of luxury to hotel lobbies or contemporary boutiques.

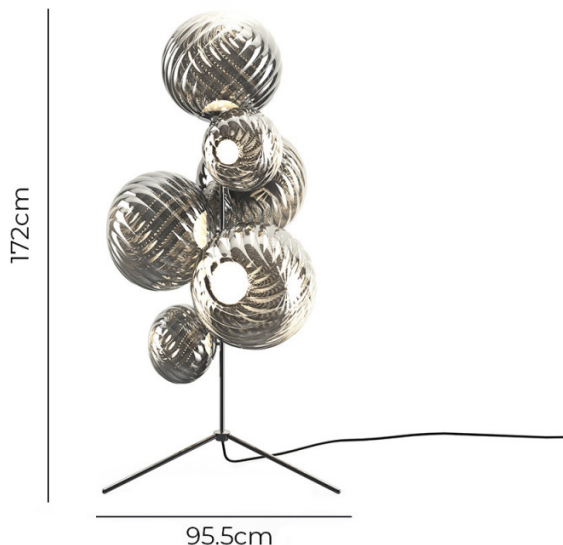

PRODUCT SPECIFICATION

Light Source: 7 x 6W, 3000K, 4000 Lumens

IP Code: 20

Dimming: In-line dimmer included on cable.

Dimensions: Height: 172cm
Width: 95.5cm
Cable Length: 250cm
