PRODUCT DESCRIPTION

Designer: Federico Peri

Fontana Arte Fontanella Table Lamp

Fontanella is built around a refined glass composition, an inner sandblasted cylinder married to an outer blown bubble, hand-joined by skilled glassmakers so the light transitions from soft diffusion to clear sparkle. Set on a discreet galvanised metal base, the lamp reads as a simple form by day, then comes alive when lit, casting a calm, even glow with gentle highlights through the crystal-clear glass. The dimmer on the cable makes it easy to tune the ambience, from an intimate bedside level to a welcoming living room layer.

Offered in two sizes, small with an E14 lamp and large with an E27 lamp, Fontanella suits shelves, sideboards and reception desks where a composed, glare-free presence is needed. Satin Brass warms timber and stone palettes, while Glossy Black adds graphic contrast against pale walls. As the light source is replaceable, you can choose the colour temperature and output to match the setting.
