PRODUCT DESCRIPTION

Designer: Joan Gaspar

Marset Roc LED Ceiling / Wall Light

BRAND NEW, OVERSTOCK. BOXED IN ORIGINAL PACKAGING.

1 x Black Available.

The Marset Roc LED Ceiling / Wall Light blends sculptural texture with soft illumination. Designed by Joan Gaspar, this family of compact luminaires features a pressed glass diffuser with organic curves that gently obscure the integrated LED source. Whether wall-mounted or ceiling-mounted, each fixture emits a warm, ambient glow that softens architectural spaces without overwhelming them. The Roc lights include an internal filter to reduce glare when wall-mounted, which can be removed when installed on the ceiling for a broader glow. With its textured surface and architectural silhouette, Roc is an elegant solution for entrances, corridors, stairwells, outdoor façades, and beyond.
