PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster + Punch 3G Modular Dimmer Switch

The Buster + Punch 3G Modular Dimmer Switch is an elegant fitting that adds a touch of sophistication to any interior. Crafted from solid metal, it features three dimming knobs with the brand's signature linear or cross-knurled detailing, which adds to the fitting's tactile nature. The metal plate and three dimmer knobs are finished in a choice of five sophisticated finishes: Brass, Black, White, Bronzed Brass, and Steel. Install throughout the home to transform an ordinary fitting into a compelling feature.

The 3G Modular Dimmer by Buster + Punch is part of their Custom Switches + Sockets collection. This allows you to choose the finish of each individual component. Please [contact us](#) for custom configurations and pricing.
