PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo LED Table Lamp

EX-DISPLAY, BOXED IN B-GRADE ORIGINAL PACKAGING. MINOR WEAR AND TEAR TO THE BODY. PROVIDED WITH A BRAND-NEW BASE. SEE IMAGES FOR EXACT CONDITION. 1 x Aluminium Available.

Artemide Tolomeo LED Table Lamp retains the clean and minimalist lines that have defined Tolomeo since 1987, using an aluminium and steel structure with an integrated LED source and a stamped aluminium reflector for uniform light distribution. Designed by Michele De Lucchi and Giancarlo Fassina, it brings the collection's balance between functionality and aesthetics into a table format with a warmer 3000K output.

The articulated arm system remains central to the design. An innovative spring mechanism allows the lamp to be adjusted in height and tilt, while the movable head directs light exactly where it is needed. This listed version is supplied with the aluminium table base, so the composition stays focused on the classic desk format rather than the interchangeable clamp or fixed support options.
