The BEGA 33514 Wall Light is a shielded outdoor luminaire that provides functional downlighting. The inner LED light source is projected down the wall to create a bold and glare-free pocket of light, while the 3000K colour temperature ensures a warm illumination that generates an inviting atmosphere. Compact, efficient and ideally equipped for long and economical operating times, the BEGA 33514 Wall Light embodies the consistent implementation of LED technology.

Available in two contemporary finishes, either graphite or silver, the BEGA 33514 LED Wall Light is an elegant addition to a variety of settings, including driveways, entryways, pillars and the front surfaces of external walls in private and public areas. This fitting can also be used in rows for illuminating corridors and passageways.
