PRODUCT DESCRIPTION

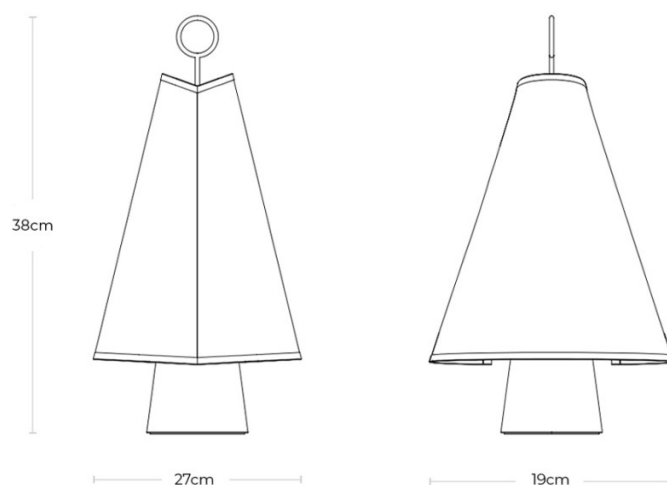

Designer: Gubi Design Studio

Gubi Hornbæk LED Portable Lamp

The Gubi Hornbæk LED Portable Lamp was originally designed for the CORI Hornbæk Hotel in Denmark. It has since become a permanent fixture in the Gubi catalogue, expertly translating the atmosphere of Denmark's northern coastline into a comforting luminaire. The design was curated in-house and draws inspiration from sails catching the wind and lanterns guiding sailors along the shore.

Boasting a sculptural silhouette but a calming colour palette, this portable lamp can easily adapt to a wide range of settings, while its canvas shade creates the perfect diffused glow. Fitted into the base of the Gubi Hornbæk Portable Lamp is an integrated dimmer, allowing you to further personalise the lighting output and create the perfect ambience for your needs. Due to its IP44 rating, Hornbæk can be effortlessly moved between settings, allowing for cosy indoor dining, as well as calming evenings on the terrace. The portable lighting solution brings a warm, atmospheric glow to both indoor and outdoor settings.
