PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Holden Wall Light

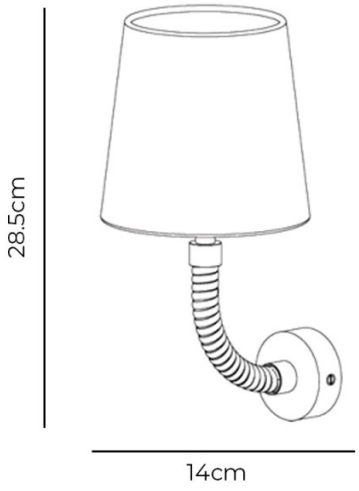

The Porta Romana Holden Wall Light brings a refined, natural character to interiors, pairing a carefully wrapped cane arm with metal detailing for a beautifully balanced mix of texture and polish. Constructed from steel and brass with wrapped cane, it has a handcrafted quality that allows the subtle markings of the natural cane to remain visible, giving each piece its own individual tone and finish. Available finishes include Dark Cane with Brass and Dark Cane with Antiqued Brass.

Designed to produce a warm, inviting glow, the Holden is ideal for creating gentle ambient or accent lighting rather than harsh task illumination. Styled with its recommended Fez shade, it softly diffuses the light, making it especially well-suited to bedrooms, living rooms, hallways, reading corners, and either side of a fireplace, mirror, or headboard where a decorative yet practical wall light is needed.

The Porta Romana Holden Wall Light is available with a wide range of shade shapes, fabrics, and linings. Please contact us for more information and pricing.
