PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Allegra Bulkhead Ceiling Light

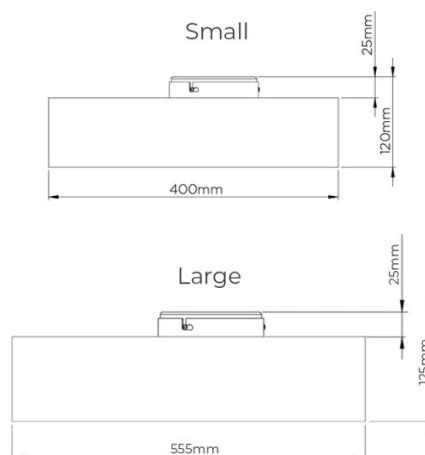

The Porta Romana Allegra Bulkhead Ceiling Light features a striking design that brings sculptural character and soft illumination to any interior. With its distinctive triangular silhouette, the Allegra has an architectural presence that balances contemporary design with the expert craftsmanship associated with Porta Romana.

Crafted from solid patinated brass with a decorative finish, the Allegra Bulkhead Ceiling Light offers depth, texture and a beautifully reflective quality when illuminated. A Perspex diffuser softens the integrated LED light source, creating a gentle, atmospheric glow suited to hallways, living spaces, bedrooms and hospitality interiors. Available in small or large, the Allegra Bulkhead can be used as a single statement fitting or installed in multiples for a more dramatic lighting scheme.

The Allegra Bulkhead Ceiling Light is available in a wide range of finishes. Please [contact us](#) for more information and pricing.
