PRODUCT DESCRIPTION

Designer: George Carwardine

Anglepoise Original 315 Desk Lamp Navigation Edition

The Original 315 Desk Lamp Navigation Edition was first designed in the 1940s, first conceived as an adaptation of the [Original 1227](#). This variation was adapted for specialist use in aeroplanes to illuminate the navigator's chart table. Unlike the 1227, the 315 Desk Lamp uses a GU10 spotlight for brighter, focused task lighting. This, paired with a smaller shade, offers a more directional light than any other Anglepoise lamp.

The Original 315 Desk Lamp Navigation Edition has been thoughtfully re-engineered for contemporary use, while maintaining the spirit of the original design. This new edition features a new, simpler base shape to suit domestic settings. A clip at the rear is designed to hold notebooks, sketches, or reminders, and a pen holder allows users to store their essential tools nearby. Each lamp is supplied with a notebook and pencil, encouraging owners to start their own creative journeys. Display on an office desk or in a studio for a functional task light that celebrates a remarkable chapter of Anglepoise history.

PRODUCT SPECIFICATION

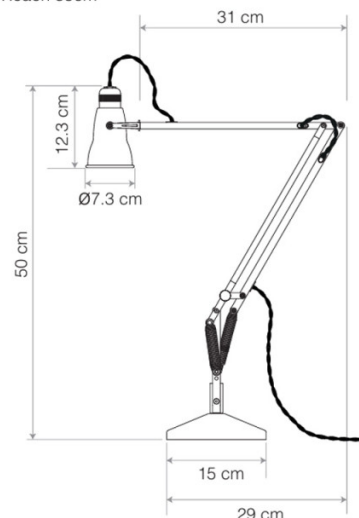

Light Source: 1 x Max 7W GU10 (Included)

IP Code: 20

Dimming: In-line on/off switch included on cable.

Dimensions: Shade: Ø7.3cm
Shade Height: 12.3cm
