PRODUCT DESCRIPTION

Designer: Hollis + Morris

Hollis + Morris Constellation Sconce

The Hollis + Morris Constellation Sconce is an elegant and stripped-back accent lighting solution, drawing inspiration from the stars and featuring a solid wood stem and metal detailing. Both of these aspects are available in a range of colours, allowing you to choose between four wood finishes (W.Oak / Natural, W.Oak / White, W.Oak / Black, or Walnut / Natural) and eight metal detailing finishes (Stainless, Brass, Copper, Antique Brass, Oxidised Bronze, Antique Bronze, Powder-coated White, or Powder-coated Black). The result is an easily customisable wall light that utilises geometric shapes and adds a touch of luxury to your interior.

Constellation can be used individually or in pairs for environments such as bedsides. The light source emits a warm and easily dimmable illumination, ensuring you can generate an atmosphere that fits the needs of you and your space.
