PRODUCT DESCRIPTION

Designer: Graypants

Graypants Scraplights Disc Pendant

Crafted from recycled cardboard as part of the Scraplights collection, the Graypants Disc Pendant provides a sustainable lighting solution that prioritises ambience. Available in three neutral colours and three sizes, Disc is named after its silhouette, with the wide flatform giving the fixture character from a distance. Meanwhile, the cut cardboard construction adds detail when viewed up close. Each Graypants Scraplights Disc Pendant is handcrafted, adding a unique touch to the luminaire by avoiding mass production.

The Scraplights Disc Pendant provides a warm illumination to whatever room it is displayed in, making a perfect addition to dining areas, living rooms and bedrooms. Similarly, it can be utilised in commercial settings, especially in hotels, restaurants and bars. Display this luminaire individually or in multiples to make a statement; you can also combine sizes and finishes to curate an eye-catching installation in larger spaces.

Please Note: Larger variations of the Graypants Scraplights Disc Pendant are also available on a quotation basis. Please [contact us](#) for more information and pricing.
