PRODUCT DESCRIPTION

Designer: Graypants

Graypants Roest Pendant

Crafted from zinc with a textured finish and handcrafted in Holland, the Graypants Roest Pendant adds an industrial touch to your interior. Boasting a slender cylindrical form, this luminaire offers a subtle downlighting solution for a variety of environments. The illumination can be dimmed when fitted with a dimmable bulb, allowing you to further personalise the luminance.

The design offers you a choice between two colours: either natural or zinc, and three size options, depending on the needs of your space. Roest can be displayed individually for more compact areas or in multiples for larger commercial interiors. Combine various finishes and sizes to curate an eye-catching installation, perfect for stairwells, atriums and dining areas.
