a-emotional light Núa Pendant

The a-emotional light Núa Pendant studies the relationship between materials and light. Stainless-steel mesh is pleated to create cylindrical forms, creating a strong, geometric appearance. Free from unnecessary details, the Núa Pendant embraces simplicity as a deliberate choice, allowing the mesh shade to transform a universal form into a piece with a distinctive character.

The Núa Pendant is available in three sizes to suit a range of spaces. When illuminated, the textured shade diffuses light, using translucency and shadow to create an ever-changing play of light. The vertical pleats envelop light, adding a sense of depth and volume. The Núa Pendant's simple yet striking form works beautifully alone or in multiples, creating an impressive sense of scale and presence.

As well as Warm White, the Núa Pendant is available in Taupe, Beige, and Grey. Please contact us for more information and pricing.
