a-emotional light Núa Ceiling Light

The a-emotional light Núa Ceiling Light was designed by the a-emotional Design Team. The light is available in three sizes to suit a range of spaces regardless of ceiling height. The Núa's cylindrical form is crafted from stainless-steel mesh, pleated to add to the light's strong vertical character. Unnecessary details have been removed for a strikingly simple design that has a strong sculptural presence, even when not in use.

When illuminated, the metal pleats envelop and shape the light for a captivating play of light and shadow. Light escapes through tiny holes in the mesh for a mesmerising, ever-changing effect. Install individually for an eye-catching, elegant addition to a room, or in multiples to create compositions with greater scale and presence. Display with other pieces from the **Núa Collection** for a sense of harmony and exploration of the relationship between scale, rhythm, and depth.

As well as Warm White, the Núa Ceiling Light is available in Taupe, Beige, and Grey. Please contact us for more information and pricing.
