PRODUCT DESCRIPTION

Designer: Verner Panton

Louis Poulsen Panthella 400 Floor Lamp

Louis Poulsen Panthella 400 Floor Lamp is a true-to-scale downsized version of the original Panthella 500 Floor Lamp, retaining the same proportions and intended form in a smaller format. Its shade is the same size as the original Panthella 400 Table Lamp, creating new use cases within the Panthella collection.

The fixture emits glare-free, soft, and comfortable illumination. Its high-gloss opal acrylic shade creates a diffused, comfortable light atmosphere through the translucent material, downward reflection from the inner shade, and reflection from the trumpet stem.

The Opal White construction combines an injection-moulded acrylic shade, opal polycarbonate diffuser, wet-painted aluminium stem, and injection-moulded polycarbonate base, finished with a high-lustre chrome-plated top nut. The smaller format retains the intended proportions of the original Panthella floor design. Best suited to bedrooms, children's rooms, dining rooms, hallways, home offices, and living rooms.
